

ORANGE PEEL 1950

The image shows a light-colored, textured surface with embossed designs. The most prominent feature is a large, semi-circular orange peel with a grid of segments, positioned in the upper left. To its right, the words "ORANGE PEEL 1950" are embossed in a bold, sans-serif font, following the curve of the peel. Below these elements, there is a faint, embossed illustration of a building facade with several windows and a central entrance. The entire design is set within a decorative border.

Students featured in the Spotlight were selected by the entire faculty of Stark High School on the basis of outstanding work done in the fields of scholarship, journalism, sports, music, student government. Several of the students featured here have been outstanding in more than one student activity, and they are all representative of the excellent student leaders that are members of our student body. We hope that they will always be in the Spotlight.

Dear Miss Everheart:

I am returning the six pictures which you sent me with my choice marked on the back. The decision of the most beautiful girl was a difficult one, since the girls are all extremely attractive. I did not rate the other five girls because, to me, they are all equally pretty.

Sincerely,

Earl Alden
