orange peel

foreword

To a senior the 1960 school year will be remembered as the best year ever. We had an exciting football season, highlighted by the crossing of the sweetheart on homecoming night. Starbies awaited, with much excitement, the coronation. After the drudgery of mid-term exams, the beauty election was held. Soon, in what seemed like a mad rush, came the plays, and proms. Then came the realization that, after twelve years of hard work, graduation was nearing.

We have tried to preserve all these memories and many more in this book. We've tried to use more pictures and more people in this yearbook. We have also tried to edit the best Orange Peel ever. The success of our book, however, depends upon how you, the student, accepts it. So here it is—your 1960 ORANGE PEEL.

May 27, 1960

To The Students of Litcher Stark Senior High School
and Helen Carr Junior High School

The technology and automation of your era points to a most interesting and exciting future. The current world situation indicates that each of you must have a sympathetic outlook and a broader understanding, as well as a more imaginative, yet realistic, approach to international problems than did those who preceded you.

Conditions for success in the years ahead appear to be based upon your record of achievement, your worthy use of leisure time activities, and your intimate knowledge and understanding of your fellow man rather than upon the securing of a diploma--or any trite goal of getting through school.

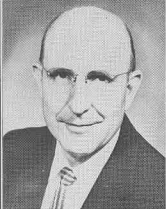

My very best wish for you is that as you meet this future you will have achieved a desire to know, a will to learn, and the courage to act.

Very truly yours,

M. L. Brockett

As a famed dance team, they danced for many years together. Gower retired from dancing to begin directing plays. Marge retired to take care of their son.

May ninth

Dear Miss Osbourn

Many thanks for asking me to judge your contest selecting the most beautiful girl and the most handsome boy for the Grange High School Annual.

My wife and I have selected the two marked individually on the backs of the pictures... numbers 5 and 9.

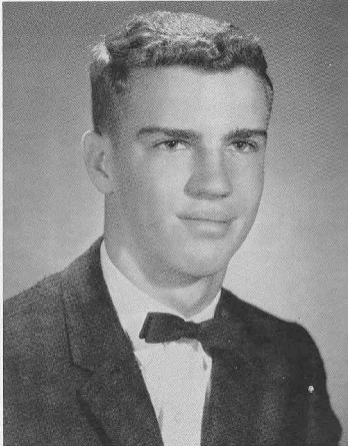

You must understand how difficult it is to select one boy and one girl from all the rest, particularly from a single photograph, and we only hope that when EYE EYE BIRDIE plays Texas, the runners-up will not boycott it.

Good luck with the GRANGE PEEL, and happy editing.

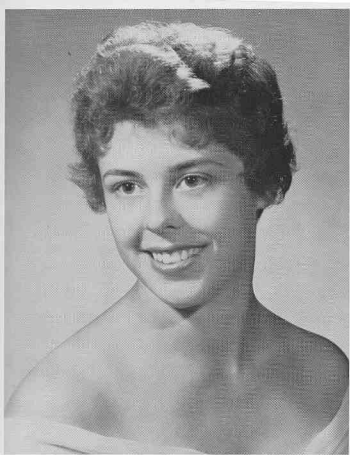

Sincerely

A large, stylized handwritten signature in black ink. The first letter is a large, looped 'C'. The rest of the name is written in a cursive, somewhat slanted script.

Required to Pay*

Monday on boys' petting day the girls had to remain standing in class until all boys were seated.

week

On Wednesday everyone had a hat and tie on. Hats were made from everything from straw to vegetable.

On Thursday peña dresses were worn with plaids, and stripes with prints because this was class day.

Days seemed to enjoy Friday for the girls wore silk fins.

Don't let the girls catch you boys.

Always put your better side forward.

Our best girls want them either.

They are poor little girls who lack the stage.

Let's compare knees.
